19/20 School Notice A61

Dear Parents,

**Lunch Supply in 2020/21 School Year**

The current lunch supplier “Nine to Five Ltd” has been serving our school in the past 2 years, and over 90% of our students have enjoyed their quality service and healthy lunch. The service contract with this supplier will end in this school year. Since November 2019, our school has invited the School Catering Committee to lunch tasting session, as part of the requirement of the tender. However, the tasting session along with the tender and the relevant procedures has to be suspended due to the epidemic.

In order to sustain the lunch supply in the coming year, the School Catering Committee suggested to extend the service contract with the current lunch supplier for another year. While due to inflation and operational difficulties, the lunch price will be slightly increased from HKD20 to HKD21.5. Should you have any enquiries regarding the above arrangement, please do not hesitate to contact Ms. Chiu at 2366 1530 by 5<sup>th</sup> May. The above arrangement will be proposed to School Management Committee after consulting School Monitoring Committee on Trading Operations.

Yours sincerely,

YUEN Oi-yee

The Principal of Canton Road Government Primary School

(Teacher-in-charge: Ms. Chiu)
