Dear P.5 Parents,

P.5 Parents Examination Paper Reviewing Session

Due to the latest development of the pandemic COVID-19, the paper reviewing session originally scheduled on 20 July (Monday) will be postponed to the new semester to safeguard students', parents' and teaching staff's safety and health. The academic report will be released after students' paper checking session and parents' paper reviewing session. Please pay attention to the further announcement or you may contact the class teacher for enquiry.

Students should finish summer holiday homework according to teachers' instruction. Students are also highly recommended to stay at home and prevent going to crowded places to reduce the risk of being infected.
